

French Subject Statement

*This document supports the school vision
Caring For Others And Courageously Striving
For Excellence*

Our Key Stage 2 French curriculum aims to promote pupils' understanding of, and commitment to, our school values; **compassion, resilience, trust** and support pupils' spiritual, moral, social and cultural development; including their understanding of right and wrong, of equal opportunities for all and of the school learner behaviours – to be **aspirational, community-minded, curious, determined and independent**.

We aim to provide French lessons which foster pupils' curiosity and deepen their understanding of the world so that their knowledge and skills support their development as language learners and global citizens.

The national curriculum for languages aims to ensure that all pupils:

- understand and respond to spoken and written language from a variety of authentic sources
- speak with increasing confidence, fluency and spontaneity, finding ways of communicating what they want to say, including through discussion and asking questions, and continually improving the accuracy of their pronunciation and intonation
- can write at varying length, for different purposes and audiences, using the variety of grammatical structures that they have learnt
- discover and develop an appreciation of a range of writing in the language studied.

Our curriculum for French teaches pupils to:

- listen attentively to spoken language and show understanding by joining in and responding
- explore language through songs and rhymes and link the spelling, sound and meaning of words
- engage in conversations; ask and answer questions; express opinions and respond to those of others
- speak in sentences, using familiar vocabulary, phrases and basic language structures
- develop accurate pronunciation
- present ideas and information orally to a range of audiences
- read carefully and show understanding of words, phrases and simple writing
- appreciate stories, songs, poems and rhymes in the language
- broaden their vocabulary and develop their ability to understand new words that are introduced into familiar written material, including through using a dictionary
- write phrases from memory, and adapt these to create new sentences, to express ideas clearly
- describe people, places, things and actions orally and in writing
- understand basic grammar appropriate to the language being studied

Teaching and learning:

- French lessons ensure progressive coverage of the skills required by the national curriculum.
- Lessons are sequenced so that prior learning is considered and opportunities for revision of language and grammar are built in.
- Our chosen themes - Time Travelling, Let's Visit a French Town and This Is France - provide an introduction to the culture of French-speaking countries and communities.
- Our lessons and resources offer an insight into the culture of French-speaking countries and communities.

Assessment and progression

- Information about prior attainment recorded on Target Tracker supports lesson planning
- Quizzes and teacher questioning are used to assess children's prior knowledge
- Formative assessment (Assessment for Learning) by the teachers (and teaching assistants) is part of every lesson so that misconceptions can be addressed as they arise
